OUR CHOCOLATE

For 28 years SLODKIE has been creating unique sweets made of Belgian chocolate, winning recognition among both Polish and foreign customers. Every year we introduce innovative flavor combinations and original compositions, which stand out for their excellent quality and original design. Our products, thanks to their precise workmanship and clean labels, guarantee positive perception and build customer loyalty.

From the beginning, all chocolates are produced in cooperation with **Barry Callebaut FINEST BELGIAN CHOCOLATE**. It is a guarantee of the highest quality of chocolate and its unique, creamy taste.

Do you know that...

we are the only company in the industry to offer chocolate and pralines coming fully from sustainable sources, and all of them are certified by the Cocoa Horizons Foundation?

SLODKIE was the first company on the European market of advertising sweets to introduce 100% plant-based chocolate!

Crafted in Belgium FROM BEAN TO BAR since 1911.

Our cocoa beans come from sustainable and recognised sources directly from the farmers under the care of the Cocoa Horizons Foundation.

The beans ferment for 3 to 8 days between the banana leaves, changing their flavor from bitter to chocolate.

Our beans come only from the main harvest - they're bigger and with a stronger flavor. Before shipment, they go under another quality check.

In the next 2 to 4 days, they are dried in the sun.

The beans transported from Ghana, Ecuador and the Ivory Coast go to Antwerp where the flavor of each batch is determined.

Thanks to this selection of flavor profiles, Master Blenders manually compose the beans for the perfect flavor.

Then the beans are split open, and the cocoa nibs are ground to a smooth cocoa liquor - the heart and soul of our chocolates.

Whole beans are roasted! The shell protects them and keeps the aromas and flavors preserved inside.

Depending on the recipe, the cocoa liquor is combined with high quality ingredients, such as vanilla, milk or sugar.

This mixture is passed through a 5-roll refiner and then it is carefully subjected to a process of conching which takes a minimum of 60 hours.

It is only this smooth and creamy chocolate that is tempered by us into individual shapes with our clients logo.

Velvety Belgian chocolate is our sweet specialty!

Welcome to the world of SLODKIE, where exquisite taste, aroma, and creamy texture meet masterful flavor expertise. All this is based on clean labels and the finest recipes. We use premium ingredients, including Belgian chocolates, to deliver quality, flavor, and design. Discover the variety of our exquisite chocolates and choose your favorite flavor!

SLODKIE CHOCOLATE VARIETIES:

Milk 33% Cocoa – A warm, brown color with a smooth cocoa texture and caramel notes in the background. This is the most popular chocolate among chefs worldwide. Its exceptional creaminess makes each milk piece melt in your mouth!

Dark 72% Cocoa – A dark chocolate made from the finest Belgian cocoa. It features a very subtle, moderate sweetness characteristic of classic dark chocolate.

Dark 57% Cocoa – With a deep aroma and creamy texture, this chocolate has a rich cocoa flavor with delicate, fruity notes, thanks to the roasting of whole cocoa beans used in its production.

White 27,5% Cocoa Butter – Iconic white chocolate with a balanced flavor and noticeable milk notes. Created for fans of original tastes. Creamy, smooth texture with a milky flavor – subtle, classic sweetness.

Ruby 47% Ruby Cocoa – Surprising flavor and original ruby hue. Made from red cocoa beans from the Ivory Coast, Brazil, and Ecuador. Not only does it stand out in color, but it also has an intense, fruity flavor with a fresh, tangy note.

Milk with Honey 33% Cocoa – Milk chocolate with a touch of natural honey. A unique flavor combination with milky, caramel, and honey notes.

Caramel 30% Cocoa Butter – Chocolate with a rich toffee, butter, and cream flavor, enhanced by a touch of salt. Subtle, light amber color with a golden hue invites you to taste this masterful blend of fine ingredients.

Wholefruit 54% Cocoa – An exceptional chocolate made entirely from pure cocoa fruit, a revolution in taste. Chocolate flavor with strongly noticeable fruity notes. No refined sugars, emulsifiers (lecithin), or flavorings (vanilla). Utilizing what nature has created. The healthiest and most eco-friendly chocolate you can imagine!

Plant-Based (NXT) 72% Cocoa – A dairy-free chocolate that is just as creamy, delicious, and rich in cocoa as its traditional milk counterpart, yet contains no traces of dairy. The creamy, milky taste is achieved with the addition of tiger nut known as chufa, which grows in the Mediterranean and Africa. Fully suitable for vegans and those with lactose intolerance.

Sugar-Free Milk 33% Cocoa – The perfect flavor composition, combining the rich taste of chocolate with the richness of cocoa and milk. The texture, color, and pleasure of classic chocolate, but without added sugar!

WHAT CAN YOU find in our fillings?

- Nuts straight from sunny, green Sicily – walnuts, hazelnuts, pistachios, and almonds
- Craft coffee from the oldest Polish roastery, Pluton
- Spirits from J.A. Baczewski – vodkas and whisky
